THE VW CADDY VAN is the perfect solution for a family needing to transport a wheelchair. As a vehicle, Volkwagon have a terrific reputation and warranty, with service and repairs available country-wide.

The Focaccia Kit is designed in Europe and incorporates an anti-slip flat floor that is positioned on a slight angle, retaining the integrity of the original fuel tank and suspension. This package also includes a forward-folding Genius Ramp, making the internal floor flat and recreating the original look.

Entry height is 1410mm allowing sufficient clearance for most applications. Internal height increases to an average of 1455mm.

Internally, LED lights are included in the wheelchair well. A Slimline spare wheel is an optionable extra.

Ramp Up and Down

Genius Ramp

This system allows the access ramp to be folded flat inside the vehicle when the person in wheelchair is not on board. Thus, recreating the original floor. The Genius Ramp is particularly easy if wheelchair access is not needed, or you want to use your vehicle as a standard vehicle.
